

A TAKEOFF SPEECH

Ladies and gentlemen, your attention, please. This is flight attendant Gina speaking.

On behalf of Captain Thomas and his crew, we welcome you aboard our Boeing 767. This is a Trans America flight number 53, with destination to New York. Our flight time to JF Kennedy International Airport will be about 8 hours. We will fly at an altitude of 11 thousand meters at a speed of 900 km per hour. The temperature outside the plane will be 40 degrees below zero and on board it will be set for 22°C.

We wish the weather were fine below us, so we could inform you about the cities we are going to fly over. But despite the clouds, our flight will be smooth.

Please, raise the back of your seats to the upright position, fasten your seat belts and don't smoke during the trip.

Should you feel like sleeping, pillows and blankets are in the overhead compartments.

We wish you all a nice trip. Thank you.
